To whom it may concern,

I have had the great pleasure of working with Lic. Jose Rafael Fernandez for over 10 years. Having bought real estate there in 2006 and not being familiar with the laws in Costa Rica, had I not had Mr. Fernandez as my attorney, I am sure I would have lost my property, (only due to my own stupidity).

I have had many American attorneys over the years. None of them have the integrity, honesty and actual care for their clients, as he had.

If you are not from Costa Rica and plan on owning property/buisness in their beautiful country, you will do no better, than to work with Mr. Fernandez, to protect your interest's.

Sincerely,

Dr. John P. Shannon Jr.
